General Event Information

The Corvette Club of Iowa is hosting an introduction to autocross course. This course is for people who want to get into autocross, but were concerned they did not know all the rules and requirements. We will cover everything you need to know to get you started in autocross. If you are not into driving but thinking about being a course worker, this is the event for you as well. We will teach you radio protocol and course penalties. After the course, there will be matching time low speed autocrosses to try your new skills for both drivers and workers.

A matching time low speed autocross is about consistency versus fast time. Each event will consist of three runs each. Your score will be the difference in time between your two closest runs in each event. The lowest time difference is the winner. The matching time autocross will be limited to 25 cars. This is a Corvette Club sponsored event and competitors driving Corvettes will have priority over non-Corvette entrants. Consistency not the fastest car and driver will win the race. This will be a relaxed atmosphere to try your hand at autocross. Electric vehicles are not eligible to participate in the MT autocross. Corvette E-Rays are eligible to compete.

All listed times are Central Daylight Times (CDT). Driver's license is required for matching time autocross. **Snell certified** helmets with a manufacture date of 2015 or later are required for all speed events. All minors and pets are the responsibility of the parent/owner. All NCCC West Region competition numbers will be honored; all other car number assignment will be done at event registration. No class changes after tech closes unless a mechanical malfunction is experienced. No firearms allowed on the event property.

The host club event Chairperson, Club Governor, Host Region RCD or NCCC VP Comp at the event may deny or remove any person demonstrating unsafe performance or actions at the event from participating in any events for the balance of that day or weekend. Further, a person who has been documented as behaving in an unsafe manner which could endanger them or anyone else at the events may be denied

participation. We are trying to cover our costs for this event so there will be no trophies awarded and no refunds will be given.

AS PER WEST REGION RULES, "For low speed autocrosses, long pants are required for Group 3 and RP (Race Prepared) class cars. No spandex, lycra or other synthetic pants are allowed. Jeans or fire pants are recommended.

**Each competitor, worker, and spectator on the property must personally sign the insurance waiver.
Non-NCCC members are not covered by our insurance at these events.**

Event Chairpersons

EVENT	CHAIRPERSON	ADDRESS	PHONE
WR-022-003	Jay Hommer	1314 NW Pebble Dr. Ankeny, IA 50023	515-975-3135

Event Location

Intro to autocross course and matching time autocross

The location is formerly known as Bell Ave Business Center. However, if you google it you will get the incorrect address. Please use the address of 1901 Bell Ave to arrive at the correct location. If coming from I-235 exit south on

Martin Luther King Jr Parkway. That turns into Fleur Dr. Then turn east on Bell Ave. You will find the location from there. If hotels are needed there are several on Fleur Dr near the airport. There will be no food provided, please plan accordingly.

Please contact Mark Cooper at PH: 641-780-4053 or Jay Hommer at PH: 515-975-3135 for any event questions.

Registration

To register for the event, please do so online at www.corvetteclubofiowa.com/activities/racing. Please copy and paste this link to your browser and click enter. Then, click on the Learn How to Autocross. Or go to the Corvette Club of Iowa website under activities, then select competition. Pick the Learn How to Autocross event and register. However, if you choose to, you may complete the form printed below and mail it in with your check. Registration opens May 1, 2025, and closes September 4, 2025.
