

COVID-19 Statement

**from the
CCI Board of Directors**

July, 2020

Iowa Governor Kim Reynolds continues to stay the course on easing restrictions included in her Disaster Emergency Proclamation issued in March to combat the COVID-19 Pandemic. Many businesses have reopened but continue with limits on capacity even when those limits have been lifted by the State. Some have had to close again after outbreaks occurred. On the national level, the NCCC Competition Committee has now suspended national points for the entire season. The CCI Board has therefore determined it will cancel the remaining autocross competition scheduled for August. Events are affected as follows:

1. modification of the general meeting scheduled for July 21st
2. cancelation of Racing at the Speedway scheduled for August 8th & 9th

The CCI Board will continue to follow state and federal mandates, CDC recommendations and NCCC guidelines for controlling the spread of COVID-19. A case-by-case determination of the status of future CCI events will be made as much in advance as is practicable. Please continue to keep in mind that we may be required to act on short notice.
